PUBLIC UTILITIES COMMISSION**

**DE 17-136**

**ELECTRIC AND GAS UTILITIES**

**2018-2020 New Hampshire Statewide Energy Efficiency Plan**

**SUPPLEMENTAL ORDER OF NOTICE FOR 2019 PLAN UPDATE**

On September 14, 2018, the New Hampshire electric and gas Utilities, Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities, New Hampshire Electric Cooperative, Inc., Public Service Company of New Hampshire d/b/a Eversource Energy, and Unitil Energy Systems, Inc. (collectively, the Electric Utilities); together with Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities and Northern Utilities, Inc. (collectively, the Gas Utilities) filed a 2019 Update to the 2018-2020 Statewide Energy Efficiency Plan, which includes energy efficiency programs and related rates, for approval by the Commission. The Commission approved the 2018-2020 Statewide Energy Efficiency Plan in Order No. 26,095, dated January 2, 2018. The 2019 Plan Update filing and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Dock/2017/17-136.html>.

Funding for the electric energy efficiency programs contained in the 2019 Plan Update is provided through a portion of the System Benefits Charge (SBC) paid by the Electric Utilities' customers and is supplemented by funds available through the Independent System Operator-New England's Forward Capacity Market and the Regional Greenhouse Gas Initiative. Funding for the natural gas energy efficiency programs proposed in the 2019 Plan Update is provided

through a portion of the Local Distribution Adjustment Clause (LDAC) paid by Liberty Utilities' gas customers and a portion of the Local Delivery Adjustment Charge (LDAC) paid by Northern Utilities' customers. Any unspent funds from prior program years for both the Electric Utilities and Gas Utilities are carried forward to the following year's budget, including interest. The energy efficiency programs proposed in the 2019 Plan Update are designed to be consistently available to eligible customers across New Hampshire, subject to available budgets.

The Electric Utilities and Gas Utilities seek approval of the 2019 Plan Update in accordance with the Settlement Agreement approved by the Commission in Order No. 25,932 (August 2, 2016), wherein the Commission approved the implementation of an Energy Efficiency Resource Standard (EERS) beginning in 2018, subject to Commission approval of the specific programs proposed to meet this standard. Consistent with the EERS Settlement Agreement, the Electric Utilities propose changes to the SBC, for effect January 1, 2019, to recover the cost of the 2019 energy efficiency programs contained in the 2019 Plan Update, performance incentives and lost base revenues. The Gas Utilities seek recovery of the 2019 program costs, performance incentives and lost base revenues through the LDACs, which are proposed for effect November 1, 2018, and are currently under review by the Commission in each gas utilities' Cost of Gas proceeding.

The proposed SBC increases and the impact on a typical residential customers' monthly bill are as follows:

<u>Utility</u>	<u>SBC Increase/per kWh</u>	<u>Increase on Typical Residential Bill</u>
Eversource Energy	\$0.00110	\$0.69 or 0.6%
Liberty Utilities/GSE	\$0.00056	\$0.36 or 0.3%

NH Electric Cooperative	\$0.00077	\$0.48 or 0.2%
Unitil Energy	\$0.00099	%0.62 or 0.6%

The filing raises, inter alia, issues related to RSA 374-F:3, X and whether the proposed programs in the 2019 Plan Update are reasonable, cost effective, and in the public interest; whether the proposed programs will properly utilize funds from the Energy Efficiency Fund as required by RSA 125-O:23; and whether, pursuant to RSA 374:2, the Electric Utilities' and Gas Utilities' proposed calculations of performance incentives and lost base revenues are just and reasonable and comply with Commission orders. Each party has the right to have an attorney represent the party at the party's own expense.

**Based upon the foregoing, it is hereby**

**ORDERED**, that a Prehearing Conference, pursuant to N.H. Code Admin. Rules Puc 203.15, be held before the Commission located at 21 S. Code Admin. Rule Puc 203.17. Parties to the existing Docket 17-136 continue to be parties to this 2019 Plan Update phase and do not need to submit a petition to intervene for this phase; and it is
