Re: DG 17-068, Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities – Keene Division
Petition for Declaratory Ruling
Request for Status Report

Dear Mr. Sheehan:

On October 20, 2017, the Commission issued an order granting a petition from Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities – Keene Division (Liberty-Keene or the Company) for a declaratory ruling in the referenced docket. The Commission's order included certain conditions, including a requirement that Liberty-Keene submit all final plans for engineering, construction, installation, testing, operations, public awareness, maintenance, emergency response, procedures, and schematics, including qualifications and training of personnel. The Commission further conditioned operation of the proposed CNG/LNG system on the receipt of a report from the Commission's Safety Division assessing the adequacy of the Company's plans and a satisfactory physical inspection of all installations once completed. As you know, while there have been subsequent proceedings, those conditions have not changed.

The Safety Division completed its review of the Company's final plans and filed its *Adequacy Assessment of the Proposed Compressed Natural Gas Installation by Liberty Utilities - Keene, NH Division* on October 5, 2018. Now that the Safety Division has filed its assessment, the Commission requests a thorough status report from the Company on the proposed conversion to a CNG/LNG system and all related installations. The status report shall include anticipated timelines. Liberty is directed to file the status report no later than December 7, 2018.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".

Debra A. Howland
Executive Director
