SERVICE AREA

1. The territory authorized to be served by this utility, and to which this tariff applies, is a limited area in the town of Strafford, New Hampshire on the developed part of Big Kooauke Island and as more specifically shown on a map filed separately with the NHPUC.

TERMS AND CONDITIONS

2. Service Extensions:

Extensions will be made to existing mains provided:

- (A) The highway in which extension is to be located has established grades and has been dedicated to public use.
- (B) The investment charge is divided equally among customers concerned, to be assumed by new owner of tenant upon transfer of property lease, but subject to proportionate reduction as new service pipes are connected to the extension.
- (C) In addition, an extension on private property may, at the discretion of the water company, be made if:
 1. Access along a public highway or street is not feasible: and
 2. The prospective customer(s) provide, without expense or cost to the Company, the necessary easements, permits, and consents providing the Company with suitable legal rights for the construction, maintenance, and operation of the pipelines, and equivalent, including the right to excavate whenever necessary.

Re: Order No. 21,162 dated March 16, 1994

Dear Mr. Oliver:

On March 16, 1994, order No. 21,162 was issued in Docket # 92-076, requesting that North Country Water Supply Inc. submit revised page no. 4 along with cost documentation. Revisions should have been received by this Commission prior to March 31, 1994.

According to Puc 603.01 Filing of Tariffs:

"No utility shall render service until a complete tariff containing rules and regulations, terms and conditions, and rate schedules, shall have been filed with the commission and published in accordance with the rules governing the filing of tariffs as prescribed by the commission. (Puc 1600)"

Clearly this issue needs to be resolved as quickly as possible. Please contact Jim Lenihan with a firm filing date on this delinquent page and documentation.

If I can be of future assistance please feel free to call.

Yours truly,

A handwritten signature in cursive script that reads "Jeannette M. McArthur".

TERMS AND CONDITIONS, cont.

- 8. Stoppage and Damage:
The water may be shut off for repairs or construction by a representative of the utility, in which case reasonable endeavor will be made to notify the customers affected. The Utility shall not be responsible for any damage caused by periodic cleaning of pipes, opening or closing of valves, changes of water quality due to storms and power failures, or any other cause due to no lack of reasonable care of the part of the utility.
- 9. Billing:
Bills will be rendered periodically in accordance with the "terms of payment" specified in the rate schedule and are due and payable upon presentation.
- 10. Deposit:
The utility reserves the right to require a deposit amounting to the estimated charge for one billing period plus thirty days collected in advance to guarantee payment of bills. Simple interest at the rate specified by the Public Utilities Commission will be paid until satisfactory credit has been established
- 11. Connection and Reconnection:
 - B. A Charge of \$100.00 shall be made for turning water on or off, at the customer's request. The charge shall be \$125.00 if requested after regular working hours.
 - C. If the bill for service is unpaid and no arrangements for payment are made 30 days after it has been rendered, the utility reserves the right to disconnect the service after twelve days written notice to the customer. Reconnection will not be made until all previous charges for water have been paid plus reconnection fee of \$ 100.00.
