EXPLANATION

The Public Utilities Commission (PUC) is charged with administering the Greenhouse Gas Emissions Reduction Fund (GHGERF) created by RSA 125-O:23 to support energy efficiency, conservation and demand response programs aimed at reducing greenhouse gas emissions generated within New Hampshire. On February 23, 2009, the PUC issued a Request for Proposals (RFP) for programs to be funded by GHGERF grants. In response to the February RFP, the Commission received 84 proposals requesting a total of more than $50 million in grant funds. Attachment A provides additional information on the grant review and award process.
With these funds, Clean Air – Cool Planet will compile baseline greenhouse gas emissions inventories for each of the 24-48 selected municipalities and coordinate energy audits. Clean Air – Cool Planet will provide six New Hampshire communities with policy audits to identify changes to the towns’ regulatory frameworks that might reduce greenhouse gas emissions. They will also work with local energy communities and offer education, outreach and guidance to both participating communities and those not selected for the program. Their long term goal is to reduce energy use reduced in the targeted buildings by 50 percent.

In the event that GHGERF funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Thomas B. Getz
Chairman
ATTACHMENT A – GRANT REVIEW PROCESS

The PUC issued a Request for Proposals on February 23, 2009. The RFP was developed in consultation with the state’s Energy Efficiency and Sustainable Energy Board, created by the legislature in 2008 “to promote and coordinate energy efficiency, demand response, and sustainable energy programs in the state.”

The RFP was circulated electronically to a list of more than 300 individuals and organizations known to have an interest in energy policy and programs, including members of the Energy Efficiency and Sustainable Energy Board (EESE Board); posted on the PUC and Office of Energy and Planning websites; advertised in the Union Leader on February 28, April 1 and April 2; and announced via press release to major media outlets in the state.

The PUC formed a grant review committee to evaluate each of the 84 proposals that were submitted. The team consisted of four members of the PUC - Chairman Thomas Getz, Commissioners Clifton Below and Graham Morrison, and Jack Ruderman, Director, Sustainable Energy Division – plus Eric Steltzer of the Office of Energy and Planning, and Richard Ober of the New Hampshire Charitable Foundation. Mr. Ober also serves as the Chair of the EESE Board.

The proposals were broken down into eight separate categories\(^1\) in order to allow for an “apples to apples” comparison. The proposals were then individually evaluated by the review committee using a list of thirteen criteria specified in the PUC administrative rules for the Greenhouse Gas Emissions Reduction Fund (Chapter 2600). The committee then met as a group on a regular basis to identify the strongest proposals within each category, and to assign an overall letter grade to each proposal based on the consensus of the group.

The committee has selected a total of thirty proposals to fund. The first nine were approved at the July 15 Governor and Council meeting. Seven awards (including this one) are now before Governor and Council, and fourteen more will be presented in September and October. In all, the thirty grant awards will amount to more than $17 million.

\(^1\) The eight categories are: job development, monitoring and measurement, multi-objective, outreach and education, revolving loan fund, public entity, commercial entity, and non-profit/educational entity.
The State of New Hampshire and the Grantee hereby mutually agree as follows:

Except as otherwise specifically provided for herein, the Grantee shall perform the Project in the State of New Hampshire.
1. **EFFECTIVE DATE, COMPLETION OF PROJECT.**

3.1. This Agreement, and all obligations of the parties hereunder, shall become effective on the date in block 1.5 or on the date of approval of this Agreement by the Governor and Council of the State of New Hampshire whichever is later (hereinafter referred to as "the effective date").

In accordance with the provisions set forth in Exhibit B, and in consideration of the satisfactory performance of the Project, as determined by the State, and as limited by subparagraph 4.5 of these general provisions, the State shall pay the Grantee the Grant Amount. The State shall withhold from the amount otherwise payable to the Grantee those sums required, or permitted, to be withheld pursuant to N.H. RSA 807 through 7-c.

4.4. The payment by the State of the Grant amount shall be the only, and the complete payment to the Grantee for all expenses, of whatever nature, incurred by the Grantee in the performance hereof, and shall be the only, and the complete, compensation to the Grantee for the Project. The State shall have no liabilities to the Grantee other than the Grant Amount.

4.5. Notwithstanding anything in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made, hereunder exceed the Grant limitation set forth in block 1.8 of these general provisions.

5. **SPECIAL CONDITIONS.**

5.1. Modifications to these General Conditions and any additional grant conditions shall be set forth in Exhibit C attached hereto.

6. **COMPLIANCE BY GRANTEE WITH LAWS AND REGULATIONS.**

6.1. In connection with the performance of the Project, the Grantee shall comply with all applicable statutes, regulations, and orders of federal, state, county, or municipal authorities that impose any legal obligations or duties upon the Grantee, including the acquisition of any and all necessary permits.

7. **RECORDS AND ACCOUNTS.**

7.1. Between the Effective Date and the date seven (7) years after the Completion Date the Grantee shall keep detailed accounts of all expenses incurred in connection with the Project, including, but not limited to, costs of administration, transportation, insurance, telephone calls, and clerical materials and services. Such accounts shall be supported by receipts, invoices, bills and other similar documents.

7.2. Between the Effective Date and the date seven (7) years after the Completion Date, at any time during the Grantee's normal business hours, and as often as the State shall demand, the Grantee shall make available to the State all records pertaining to matters covered by this Agreement. The Grantee shall permit the State to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data (as that term is hereinafter defined), and other information relating to all matters covered by this Agreement. As used in this paragraph, "Grantee" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Grantee in block 1.3 of these general provisions.

8. **PERSONNEL.**

8.1. The Grantee shall, at its own expense, contract for or provide all personnel necessary to perform the Project. The Grantee warrants that all personnel engaged in the Project shall be qualified to perform such Project, and shall be properly licensed and authorized to perform such Project under all applicable laws.

8.2. The Grantee shall not hire, and it shall not permit any subcontractor, subgrantee, or other person, firm or corporation with whom it is engaged in a combined effort to perform the Project, to hire any person who is a State officer or employee, elected or appointed.

8.3. The Grant Officer shall be the representative of the State hereunder. In the event of any dispute hereunder, the interpretation of this Agreement by the Grant Officer, and his/her decision on any dispute, shall be final.

9. **DATA, RETENTION OF DATA, ACCESS.**

9.1. As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs or data, computer printouts, notes, letters, memorandums, papers, and documents, all whether finished or unfinished.

9.2. Between the Effective Date and the Completion Date the Grantee shall grant to the State, or any person designated by it, unrestricted access to all data for examination, duplication, publication, translation, sale, disposal, or for any other purpose whatsoever.

9.3. No data shall be subject to copyright in the United States or any other country by anyone other than the State, unless otherwise specified in Exhibit C.

10. **CONDITIONAL, NATURE OR AGREEMENT.**

10.1. Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.

11. **EVENT OF DEFAULT, REMEDIES.**

11.1. Any one or more of the following acts or omissions of the Grantee shall constitute an event of default hereunder (hereinafter referred to as "Events of Default"): 11.1.1. failure to perform the Project satisfactorily or on schedule; or 11.1.2. failure to submit any report required hereunder; or 11.1.3. failure to maintain, or permit access to, the records required hereunder; or 11.1.4. failure to perform any of the other covenants and conditions of this Agreement.

11.2. Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

11.2.1. give the Grantee a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective (two) days after giving the Grantee notice of termination; and 11.2.2. give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the Grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and 11.2.3. set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and 11.2.4. treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

12. **TERMINATION.**

12.1. In the event of any early termination of this Agreement for any reason other than the completion of the Project, the Grantee shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Project Work performed, and the Grant Amount earned, to and including the date of termination.

12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.

12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

13. **CONFLICT OF INTEREST.**

13.1. No representative, officer, member or employee of the Grantee, and no representative, officer or employee of the State of New Hampshire or of the governing body of the locality or localities in which the Project is to be performed, who exercises any functions or responsibilities in the review or approval of the undertakings or carrying out of such Project, shall participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

14. **GRANTEE'S RELATION TO THE STATE.**

14.1. In the performance of this Agreement the Grantee, its employees, and any contractor, subcontractor or subgrantee of the Grantee, shall be in all respects independent contractors, and are not agents nor employees of the State. Neither the Grantee nor any of its representatives, officers, agents, employees, agents, members, subcontractors or subgrantees shall have authority to bind the State nor are they entitled to any of the benefits, worker's compensation or emoluments provided by the State to its employees.

15. **ASSIGNMENT AND SUBCONTRACTS.**

15.1. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State.

16. **INDEMNIFICATION.**

16.1. The Grantee shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses
suffered, by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee or its contractors, subcontractor, or subgrantor or other agent of the Grantee in the performance of the Project. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

17. INSURANCE AND BOND.

17.1. The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantor or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

17.1.1 statutory worker's compensation and employees liability insurance for all employees engaged in the performance of the Project, and

17.1.2 comprehensive general liability insurance for all claims of bodily injuries, death or property damage, in amounts not less than $2,000,000 for bodily injury or death any one incident, and $500,000 for property damage in any one incident; and

17.2 The policies described in subparagraph 17.1 of this paragraph shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. A certificate of insurance demonstrating compliance with subparagraphs 17.1 and 17.2 shall be attached to this Grant Agreement.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

SCOPE OF SERVICES

In exchange for receiving grant funds in the amount of $400,000 from the New Hampshire Public Utilities Commission (PUC), Clean Air-Cool Planet Inc. (CA-CP or Grantee) agrees to provide 24 to 48 New Hampshire towns with the baseline information, specific recommendations and on-going support necessary to renovate their most inefficient municipal buildings, with a long-term goal of seeing energy use in those buildings decrease by 50%. The specific tasks that CA-CP will accomplish are set forth in its proposal to the PUC dated March 23, 2009 and Appendix 7 dated March 27, 2009, which is hereby incorporated by reference. The requirements set forth in the PUC’s Request for Proposal dated February 23, 2009 are also incorporated by reference. CA-CP agrees to undertake any additional measures necessary to achieve the program goals set forth in its proposal. The following is intended as a summary of the proposal.

Task 1: Compile baseline greenhouse gas emissions inventories for each of the 24-48 selected municipalities, allowing decision makers to prioritize potential emissions reductions measures.

Task 2: Coordinate energy audits for one selected building in each community.

Task 3: Provide six New Hampshire communities with policy audits geared at identifying changes to a town’s regulatory framework that might reduce its greenhouse gas emissions.

Task 4: Work closely with towns, providing resources and answering questions as they begin to implement priority recommendations.

Task 5: Offer additional education, outreach and guidance to both participating communities and those not selected for the program.

Task 6: Work with local energy committees to see that municipal inventories are carried out post-project and compared to the baseline inventories.
