

QUESTIONS AND ANSWERS

RFP #2018-003

NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION

REQUEST FOR PROPOSALS

LMI Community Solar Grants

	<b>Questions</b>	<b>Answers</b>
1.	Is the intention for the grant funding to be allocated based on at least one pilot project per utility or will it be awarded strictly on the basis of project merit as described in the RFP?	The grant funding will be awarded to the project proposal(s) that meet all eligibility criteria and receive the highest score(s), based on the eligibility and scoring criteria as described in RFP 2018-003, subject to applicable funding limitations. The grant awards will be made without regard to project location or to the utility with which a project would be interconnected. Note that only one project in each utility service territory will be entitled to receive on-bill monetary credits (i.e., “virtual net metering”).
