

## Electric Assistance Program Advisory Board

### Meeting\* Agenda

October 23, 2020\*\*

1. Minutes of July 24, 2020 meeting
2. Continued discussion of EAP fund balance and projections in light of any new enrollment data.
  - a. When is the appropriate time to make a recommendation to spend down the surplus?
3. Continued discussion of EAP data re: applications, redeterminations, denials.
  - a. Has there been a spike in applications since the extra \$600 per week of unemployment benefits ended on 7/25/20?
  - b. How should the pending EAP removals or terminations be handled now that the disconnection moratorium has been lifted?
    - i. Can we get data about how many people are in this situation?
    - ii. Any follow up from the utilities about the outreach that they were going to do on this topic?
  - c. Update from the CAA's about amending the notices to add language that tells people, "If you contact the CAA within 30 days of the application denial, your application could be re-opened."
4. Review BRD for the web application provided by River Delta Consulting, Inc.
