RE: Docket No. DE 15-124
Investigation into Potential Approaches to Ameliorate Adverse Wholesale Electricity
Market Conditions in New Hampshire

Initial Comments of Eversource Energy

Dear Attorney Speidel:

On April 17, 2015, the New Hampshire Public Utilities Commission (“Commission”) issued an Order of Notice commencing an investigation into certain wholesale electricity market conditions, and potential responses to them. On May 12, 2015, the Commission Staff convened an initial meeting of interested stakeholders in furtherance of the investigation. At that meeting, the Staff requested that interested parties make initial submissions on June 2, 2015 in response to a series of questions in a letter from Staff dated May 14, 2015. By this filing, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) provides its initial submission as requested by Staff.

Consistent with Staff’s instructions, Eversource is providing one paper and one electronic copy of its submission. If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,
