As a person who does not want the City of Nashua to take over the water co. I would love to see your commission stop giving all the rate increases. I personally have not received a raise in 3 years and 1 1/2 years ago I took a pay cut. I am now almost sixty and I am very close to leaving the State I love because I just can't afford any more. Their must be a better way before we all leave this great State.

Thank You
