Terminate On Wireless Carriers' Networks

Docket No.06-067

**PETITION FOR LEAVE TO INTERVENE OF  
AT&T COMMUNICATIONS OF NEW ENGLAND, INC.**

AT&T Communications of New England, Inc. ("AT&T"), with a business address of 99 Bedford Street, Suite 420, Boston, Massachusetts 02111, respectfully petitions for leave to intervene as a party to this proceeding pursuant to Order of Notice of the New Hampshire Public Utilities Commission ("Commission"), dated June 23, 2006.

The grounds for this Petition are as follows:

1. AT&T is a common carrier of telecommunications services authorized by the Commission to provide intrastate interexchange telecommunications services in New Hampshire and is also a certified competitive local exchange carrier ("CLEC").
2. As an interexchange carrier in the telecommunications market in New Hampshire, AT&T's interests are substantially and specifically affected because Verizon is charging AT&T access charges for terminating to wireless carriers in the same manner it is charging BayRing. As a result, a decision adverse to BayRing in this case would be detrimental to AT&T's interests and would have a significant and negative impact on AT&T's costs in New Hampshire.

3. No other party's participation can adequately represent the interests of AT&T.

4. Further, AT&T's participation will enhance the Commission's consideration of issues in this docket.

5. If its petition should be granted, AT&T requests that all papers filed in this proceeding be served upon the following persons;

Jay E. Gruber  
General Attorney  
99 Bedford Street, Room 420  
Boston, MA 02111

WHEREFORE, for the foregoing reasons, AT&T respectfully requests that this petition be granted.

Respectfully submitted,

AT&T COMMUNICATIONS OF  
NEW ENGLAND, INC.

By Its Attorney,
