Re: Public Service Company of New Hampshire

DOCKET NO. DE 06-125

PETITION OF CONSTELLATION NEWENERGY, INC. TO INTERVENE

Constellation NewEnergy, Inc. ("CNE") hereby requests that the Commission grant it full intervenor status in the above-captioned proceeding. In support of this Petition, CNE states as follows:

1. CNE is the leading competitive supplier of retail electricity in the United States, serving over 15,000 megawatts of load nationally and hundreds of accounts in New England.
2. The interest of customers in purchasing electricity from suppliers other than their local distribution company hinges primarily on the relative relationship of the price of electricity under the distribution company's default service and the price that competitive suppliers can offer.
3. Because the Commission will establish the energy service (sometimes referred to as default service) rate for customers of Public Service Company of New Hampshire ("PSNH") in this docket, the outcome of the docket will directly affect CNE. In addition, it is CNE's understanding that the Commission will consider adopting so-called anti-gaming rules that could further restrict participation by retail customers in the competitive electric market. The implementation of rules that restrict participation in the competitive electric supply market may also affect CNE.
4. For the foregoing reasons, the rights, duties, privileges, immunities and other substantial interests of CNE will be affected by this proceeding.

5. CNE believes that, as a competitive electric supplier, its participation in this proceeding will assist the Commission in its consideration of the matters before it. CNE has participated as a full intervenor in past PSNH transition and default service rate proceedings.

6. The interests of justice and orderly and prompt conduct of this proceeding will not be impaired by allowing CNE's intervention.

WHEREFORE, CNE respectfully requests that, pursuant to RSA 541-A:32 and PUC 203.17, the Commission grant it full intervenor status in this proceeding.

Respectfully submitted,

CONSTELLATION NEWENERGY, INC.
