Concord, NH 03301-2429

RE: Petition to become an Intervener on docket #DE 07-064

Dear Ms. Howland,

Enclosed is our petition to be an intervener on the docket on Rate Mechanisms for Energy Efficiency.

As the Legislative Coordinator for the New Hampshire Sustainable Energy Association, I would be the one reading the related reports, attending the meetings, and reporting to our Board of Directors about the issue. Would you please put me on the list to receive a courtesy copy of all notices and relevant material.

Thanks so much for your consideration.

Sincerely,

A handwritten signature in cursive script, appearing to read "Carolyn A. Demforest".
