RE: Locke Lake Colony/Pennichuck Water Company

Ref. # DW08052

Hello,

I am a Locke Lake Resident and want to express my concern about the rate increase that Pennichuck Water Company wants to pass on to the residents of Locke Lake Colony in Barnstead, N.H.

I am against such and increase. I feel that this is very over the top for all of us living here. It is too much!

I know that prices of materials and such have increased for every industry and I understand that increases have to be made but this is exorbitant.

Please, Please, Please do not allow this to happen.

Thank you,
