RE: Pennichuck/Locke Lake Colony Water Bill

Dear Sirs:

I am writing this letter to you in opposition to the Pennichuck rate increase proposed for Locke Lake Colony. Listed below are concerns and/or comments concerning this.

Why are we expected to pay such an outrageous increase?

Pennichuck took on the risk of obtaining a new entity and with the risk, comes responsibility.

All this to clean up our water supply; I would rather have our old supplier, with the occasion dirty water!

Perhaps all Locke Lake property owners will put in dug wells or collect rain water and then just where is Pennichuck if that happens?

\$160/month – RIDICULOUS!!!!

Where are the grants that could help with this? Are we too low on the totem pole to qualify? If there just isn't any money, Pennichuck needs to absorb a good portion of this. Did Pennichuck do their due-diligence research?

Many people in our colony are in retirement or very close to retirement. Where does a 65 – 80 year old person find employment or extra funds to pay the WATER BILL! This is going to force people to move!

What if we all moved? Just who is going to buy our properties when they find out the water bill, etc.?
