Subject: re: proposed increase in water bill

Our names are Justin and Emmy Patronick and we reside in Nashua, NH. We are not able to make the hearing on 8/27/08 in Concord so are writing with our comments regarding the proposed increase in the water bill.

We feel that is a steep increase all at once, that is not financially necessary. We had researched the reasons behind the proposed increases. We feel that it is a business want, not a need, to have make the proposed technological changes. We don't feel like we should be responsible for paying an 25% increase to fund that.

We hope our input will be taken into consideration. Thank you,

Emmy and Justin Patronick
