To The Public Commission , I would like to express my opinion on the rate increases "Pennichuck", is asking for 11.27% immediately and then a permanent one of 25.27% .I would like to know how they could ask for the increases ,while our economy is in such a turmoil ,people are losing job's foreclosures , food ,heating ,medicine's cost ,keep going higher every day . As a senior citizen ,if things keep going this way, I will have to start thinking of selling our home , and by no means it is no time for that to happen. I know you will seriously keep the consumers in mind. Thank You J.E.Migneault Nashua , N.H.03060
