Subject: Petition for Increase in Water Rates

Dear Utilities Commisioner:

I'm writing in response to the petition to increase water rates. I just finished paying a \$416.52 for my water bill and I am one person living in a single family home. This is a quarterly bill and it is very high in my opinion. The amount the water company wants to raise the rates exceeds the increase in inflation and pay rates over the past year. We are in difficult economic times and suggest the water company find other ways to reduce their budget like we are all trying to do these days.

My vote is to not raise the rates this year.

Regards,

Karl
