pleaser do not allow this proposed rate increase. poor mgt and planning by far away owners in absence should not be met with fiscal reward. aquarion is a monopoly that over the years spends little if any on preventive maintainance. when they are faced with a repair they call it an upgrade and and ask for a rate inc to cover it. what have they done with all their profits that a monopoly company earns. they spent mega \$\$\$ on fighting the take over by n hampton, nh town gov . so it must be a very profitable enterprise. what working person in industry gets a 21% pay increase for missmanaging their job? .i live full time in hampton,nh. thank you. bobg
