New Hampshire Public Utilities Commission:

Regarding the petition of Aquarion Water Company to increase its rates in Hampton, NH, please be advised that in this economy, homeowners, the elderly and the unemployed have all that they can do not to face losing their homes.

To my knowledge, Aquarion Water Company has not done any capital improvements to the water system. This is the wrong time to implement such a drastic rate increase. I respectfully request that the commission deny their request.

Sincerely,
