SUBJECT: DT 09-032 Bretton Woods Telephone Company
Tariff Filing Introducing Direct Inward Dialing (DID) Trunk Service

TO: Commissioners
Executive Director
Telecommunications Division Director

On February 13, 2009, Bretton Woods Telephone Company (Bretton Woods) submitted a tariff filing adding DID Trunk Service to Bretton Woods' NHPUC No. 3 Tariff for Telephone Service. The tariff goes into effect, by operation of law, if not acted on by March 15, 2009.

DID Trunk Services are being offered at a monthly rate of \$49.08 per trunk with a block of 20 numbers for an additional \$7.48. DID service permits calls incoming to a PBX to reach a specific station line number without the assistance of an attendant. A two year contract is required and a customer must select a minimum of 8 trunks.

Staff has reviewed the Company's cost analysis and concludes that the prices reflected in the tariff adequately and reasonably recover the costs associated with DID Trunk Services. Staff, therefore recommends that the Commission allow this tariff filing adding DID Trunk Service to go into effect as submitted.
