RE: Docket Nos. DE 09-035, DE 14-238  
Public Service Company of New Hampshire d/b/a Eversource Energy

Reliability Enhancement Program – Compliance Filing – GIS

Dear Director Howland:

Consistent with the requirements of Order No. 25,913 (June 28, 2016) in the above captioned docket, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) has supplied, and will continue to supply, reports relating to its Geographic Information System (“GIS”) and associated projects. Following submission of those reports, Commission Staff has sought a more comprehensive report of the costs and activities relating to these projects going back to their inception.

The enclosed submission is a high-level review of the GIS and associated projects dating back to 2010. Much of the details of these undertakings has been set out in the numerous reports submitted since 2010 and is not repeated here. Rather, this submission is intended to provide a summary of the various projects and their costs dating back to 2010. Additionally, this submission is intended as a supplement to, and not a replacement of, any of the other reports that Eversource will file pursuant to Order No. 25,913.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

**Matthew J. Fossum**  
Senior Counsel
