Subject: DG 09-057: Cost of Gas Adjustment Monthly Reconciliation, September 2009

Dear Ms. Howland:

In accordance with the Commission's Order No. 24,962, enclosed is an original copy of the monthly calculation of the projected –over/under collection for the 2009 summer period.

The computations are based on actual costs and revenues through August and forecasts for the remainder of the period. The calculations indicate a projected under-collection through October 31, 2009 of \$13,294 and would necessitate a \$0.2990 increase to the current maximum Cost of Gas Rate of \$1.3171, resulting in a revised COG Rate of \$1.6161 per therm.

At this time the Company does not elect to request to implement the forecasted increase for the October 1st billing cycle.

Should further information be required, please contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Tricia A Keegan".
