Subject: Goffstown: Lynchville Park and Danis Park  
Franchise Designation for Manchester Water Works

Dear Mr. Brogan:

The purpose of this letter is to convey our support for the expansion of Manchester Water Works to serve the Lynchville Park and Danis Park in the Town of Goffstown.

The Department of Environmental Services (DES) has reviewed the capability of the Manchester Water Works and is in agreement that the proposed water extension will meet the suitability and availability requirements of RSA 374:22 III for the proposed service area.

Furthermore, Manchester Water Works is a community public water system enrolled in the DES' public water system and has the managerial, financial, and technical capabilities to properly operate the public water system including the expansion

Please call me at 271-2948 or email at [Richard.skarinka@des.nh.gov](mailto:Richard.skarinka@des.nh.gov) with any comments or questions.

Sincerely,

Richard Skarinka, P.E.  
Drinking Water and Groundwater Bureau
