RE: 21 Special Contract for Services with various Companies

Dear Executive Director Howland:

In 2009 FairPoint made 21 filings of special contracts (listed below), as part of those contracts there was confidential and Customer Proprietary Network Information (CPNI) that was inadvertently not marked as Confidential. It was brought to our attention that all of this information was placed on the NH Public Utilities Commission's web site. I am requesting that that information please be removed from the public access. To help facilitate this, I have enclosed copies of the filings that were made in 2009 with the properly designated confidential markings on each of the contracts.
