Board of Directors  
Eastman Sewer Company

Dear Board,

I am presenting you with an estimate to install a PLC based control system at both West Cove B and West Cove A. This proposal includes a level transducer and an upgrade from an 8" Touch Screen to a 10".

**Install PLC Control System Both Pump Stations: \$10,000.00**

**Work to include the following:**

Supply all labor and material to install New control panel with a PLC and Operator Interface for both West Cove A and B Pump stations.

Scope of work on the following page.

Thank You,

Joseph P. Damour, President

Scope of work:

1. Install Complete Control Cabinet.
2. PLC with 96 I/O's
3. 10" Touch Screen HMI
4. Data logging & Remote Control Included
5. Interface with existing pump control panel.
6. Install level transducer for wet well

Our proposal includes all the labor and materials to have fully functioning PLC based control system with a Touch Screen HMI interface with Data Logging and Remote control.

We will perform the above installation for a lump sum of \$10,000.00. We will require a deposit of \$4,000.00 before proceeding.
