**Re: DE 09-170; Electric Energy Efficiency Programs**

Dear Ms. Howland:

On June 24, 2011, Granite State Electric Company d/b/a National Grid filed its revised incentive calculation for its 2010 energy efficiency programs. I am enclosing an original and six copies of National Grid's revised shareholder incentive to be filed in DE 09-170. The filing was inadvertently made in DE 10-188. As noted in the June 24 filing letter, the Company revised its shareholder incentive calculation to reflect the 8% cap established by the Commission in Order 25,099, approving the revised budget following the Legislature's passage of SB 300. Application of the 8% figure resulted in a change in the amount of the shareholder incentive from \$130,858 previously reported to \$108,611.

Thank you for your assistance with this matter.

Very truly yours,

Carol J. Holahan
