Re: DG 10-017, EnergyNorth Natural Gas, Inc. d/b/a National Grid NH - Rate Case

Dear Ms. Howland:

Enclosed for filing with the Commission are an original and six copies of compliance tariff pages pursuant to Order No. 25,202 issued by the Commission on March 10, 2011. I am also enclosing seven copies of the tariff pages that have been marked to show the changes from the existing tariff pages. Specifically, I am enclosing the following replacement pages for National Grid NH's tariff NHPUC No. 6—Gas: 1-3, 17-19, 21-26, 32, 34, 36, 55-57, 59, 61, 63, 65, 67, 69, 71, and 76.

Please note that the effective date for the tariff pages relating to changes in base delivery rates is June 1, 2010, in order to ensure that these rates are effective with service rendered as of that date in accordance with Order No. 25,104 regarding the imposition of temporary rates in this proceeding. (The amount to be recovered to reconcile the difference between the temporary rates and the approved permanent rates will be recovered through the Company's local distribution adjustment charge pursuant to the approved settlement agreement.) The effective date of the changes in the cost of gas provisions of the Company's tariff is April 1, subject to the dates set forth in the commodity-related bad debt provisions of the cost of gas mechanism, as provided in the approved settlement agreement.
