Re: DE 10-024, DE 10-212, DE 15-302 - Fiscal Year 2017 Renewable Energy Fund Establishment of Program Waitlists

To all Interested Parties:

On May 12, 2017, the Commission approved amendments to the Renewable Energy Fund (REF) program budgets and authorized the creation of individual program waitlists once their respective program budgets become fully reserved.

This letter serves as notice that on May 23, 2017, the Residential Solar and Wind Rebate Program became fully reserved and the Commission has created a waitlist for this Program. The waitlist establishes priority for the processing of applications if and when additional funding becomes available. As funding becomes available, applications will be processed and reviewed in the order of receipt.

Further, as of June 5, 2017, funding for the Category 1 of the Commercial & Industrial (C&I) Solar Rebate Program has been fully reserved. Under the terms and conditions established for the C&I Solar Rebate Program applications will be placed on a waitlist based on their queue position until funding becomes available. Condition 9 of Appendix A, General Program Terms and Conditions in the Step 1 application states as follows:

Once all allocated funds are reserved, applications will be placed on a waitlist based on their queue position. Applications on the waitlist will not be processed or reviewed until funding is available. There is no guarantee that any funding will be available for waitlisted applications.

In consideration of the establishment of individual program waitlists, the Commission reminds applicants to send original, signed, applications to the Commission; electronic applications will not be accepted.

Staff anticipates that additional funding will become available in the next fiscal year, or possibly earlier if approved projects do not move forward or if an approved rebate is reduced or denied.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".

Debra A. Howland
Executive Director
