Dear Ms. Howland:

In accordance with the Commission's Order No. 25,098 enclosed is an original copy of the monthly calculation of the projected –over/under collection for the 2010 summer period.

The computations are based on actual costs and revenues through July and forecasts for the remainder of the period. The calculations indicate a projected under-collection through October 31, 2010 of \$7,024 and would necessitate a \$0.0859 increase to the current Cost of Gas Rate of \$1.5444, resulting in a revised COG Rate of \$1.6303 per therm. At this time, the Company elects to implement the revised rate of \$1.6303 per therm for the September 1<sup>st</sup> billing cycle.

Included in this package is an original copy of New Hampshire Gas Corporation's tariff page in compliance with the New Hampshire Public Utilities Commission's Order No. 25,098 – Order Approving Cost of Gas Rate, issued April 29, 2010.
