Concord, NH 03301-2429

*Re: DE 08-164 Petition for Approval of Financing for Seabrook Transmission Substation Upgrade – Motion to Amend Financing Order to Increase Amount of Loans*

Dear Ms. Howland:

On behalf of Florida Power & Light Company (“FPL”) I am filing an original and seven copies of the attached Motion to Amend Financing Order to Increase Amount of Loans in DE 08-164, the docket in which the Commission approved FPL’s Petition for Approval of Financing for Seabrook Transmission Substation Upgrade. FPL is seeking to amend the Commission’s Order *Nisi* issued on January 30, 2009, Order No. 24,935, pursuant to RSA 365:28 to allow for an increase in the financing to address an increase in costs of the upgrade to the transmission substation. It is FPL’s understanding that because no hearing was required for the original approval of financing in this docket that a hearing is not required to address this Motion. FPL respectfully requests that the Commission treat this request on an expedited basis as FPL is in the middle of the upgrade of the transmission substation and the costs have increased materially.

I have also enclosed the Supplemental Prefiled Testimony of William C. Locke, Jr., the approval of the Board of Directors for the loan of the increased amount and an amended E-22 form to address the increase in costs of this project.

On behalf of FPL we thank you and the Commission for your attention to this matter. Please let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to be "D. Patch", written over a horizontal line.
