

DM 10-117

**Standard Power** of America

April 28, 2010

New Hampshire Public Utilities Commission  
21 South Fruit St, Suite 10  
Concord, NH 03301

To Whom It May Concern:

This is a letter to request expedited approval of the application for NH Electric Aggregator.

Standard Power of America is a newly formed corporation based in New Hampshire. We will be representing several licensed suppliers in New Hampshire and other deregulated states.

Our desire to accelerate the NH approval process is a result of the mistreatment of a number of personal clients by their current supplier. These businesses have voiced a desire for us to help them switch suppliers as soon as possible.

While we know that these customers have the option to return to the default provider in their area, we would rather not put them through two changes in a short time span.

Thanks for your consideration in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Eaton".

Austin Eaton  
Principal  
Standard Power of America
