Re: DE 10-129, Conservation Services Group's Certification Application for the
Connecticut BJ's Wholesale Club Solar Facilities and Aggregation Request
Pursuant to RSA 362-F
Request for Additional Information

Dear Ms. Hamilton:

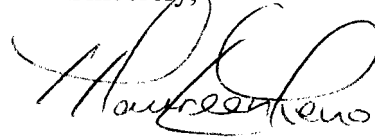

On May 7, 2010, the New Hampshire Public Utilities Commission (Commission) received an application from Conservation Services Group (CSG) requesting certification for the two Connecticut BJ's Wholesale Club photovoltaic facilities as Class II renewable energy sources pursuant to RSA 362-F, New Hampshire's Renewable Portfolio Standard law. CSG also seeks to aggregate these facilities under the title CT BJ's Aggregation. Staff has reviewed your application and has noted the following items that must be addressed before your application is considered complete:

- 1.) Please provide the CT BJ's Aggregation's New England Power Pool Generation Information System Facility Code.
- 2.) Please provide a copy of each facility's interconnection agreement.
- 3.) Has the CT BJ's Aggregation been approved to receive renewable energy certificates under another state's renewable portfolio standard program? If yes, please provide support.

These items must be received by the Commission to complete your application. Until such time as your application is complete, it will not be processed. If the requested

documentation is not provided within ten business days, your file will be closed without prejudice. Please refer to docket number DE 10-129 in all future correspondence with the Commission. Should you have any questions, please do not hesitate to contact me. My phone number is 603-271-2431 and my e-mail is maureen.reno@puc.nh.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Maureen L. Reno". The signature is fluid and cursive, with the first name being the most prominent.

Maureen L. Reno
