Re: Docket No. DE 10-188  
2011-2012 CORE Electric and Gas Energy Efficiency Programs  
Missed Deadline in Proposed Procedural Schedule

Dear Ms. Howland:

As you know, this docket concerns energy efficiency programs proposed by the gas and electric utilities for implementation January 1, 2011. On September 2, 2010, Staff and the parties filed a proposed procedural schedule with the Commission. This schedule provided, among other things, for discovery, testimony, technical sessions, and a hearing all before the end of this calendar year. One deadline involved intervenors Daniel Ramage and R. Jeremy Hill making a filing with the Commission concerning the New Hampshire Energy Trust which was referenced in Messrs. Ramage and Hill's intervention petition at paragraphs 4-8.

The deadline for making that filing was 1 p.m. today and the filing was not made. Staff and the parties had stated in the procedural schedule that the subject of the technical session occurring on Monday, September 13, 2010 would include gas issues as well as the New Hampshire Energy Trust filing. It is Staff's position that since Messrs. Ramage and Hill failed to make their filing and since Staff and the parties will not have an opportunity to review the filing prior to Monday's technical session that it would be inappropriate to discuss matters concerning the Trust on Monday.

Staff is not filing a motion to change the procedural schedule at this point. Staff seeks to simply inform the Commission that a deadline contained in the proposed procedural schedule has passed unmet.

Thank you in advance for your assistance.

Sincerely,

A handwritten signature in cursive script that reads "Marcia A. B. Thunberg".

Marcia A. B. Thunberg
