Re: Four Hills Landfill and Four Hills Landfill Reducer

Dear Secretary Howland:

We are writing to request that the certificates listed below be recognized as New Hampshire RPS Class Three qualified for the New Hampshire Renewable Portfolio Standard RSA 362-F:13. The emissions information for the period January 1, 2011 through March 31, 2011 was not entered in the GIS system prior to July 11, 2011 because of the absence of the employee responsible for entering the information.

Month of Generation	RPS Statement of Qualification Number	Unit ID	Unit Name	Fuel Type	Certificate Numbers
2011/1	NH-III-10-103	MSS194	Four Hills Landfill Reducer	Landfill gas	295780 – 1 to 1139
2011/2	NH-III-10-103	MSS194	Four Hills Landfill Reducer	Landfill gas	295943 – 1 to 654
2011/3	NH-III-10-103	MSS194	Four Hills Landfill Reducer	Landfill gas	295824 - 1 to 700
2011/3	NH-III-10-102	MSS943	Four Hills Landfill	Landfill gas	295836 – 1 to 9

We have had ongoing correspondence with Barbara Bernstein, beginning on August 5, who recommended that we address a formal letter to your attention. We have appreciated Ms. Bernstein's responsiveness during this process.

We have implemented a process to prevent this situation in the future. If you require additional information, please contact me at (914) 421-4922.

Thank you for your consideration.

Respectfully Submitted,

Michael Caplan
Director, Renewables
