

- 1. Tampering with Company Property.
- 2. Vacancy of the premises.
- 3. Cross-connecting the Company's service with any other supply source.
- 4. Violation of restricted use rules properly made by the water company.

12. Restricted Use: When necessary to conserve supply, the Company may restrict or prohibit the use of a hand hose and lawn sprinkler. Under no circumstances can pools be filled from the source without prior permission from the Company. For any violation of the restricted use clause, the Company reserves the right to disconnect service. The Company may charge a reconnection fee of \$25.00. Such restricted use notice will be filed with the Public Utilities Commission.

13. Meters: Meters will be maintained in accordance with PUC 1203.04 and PUC 600.

ISSUED BY: *N. H. Harris, Jr*  
Norman H. Harris, Jr

EFFECTIVE: October 1, 2011

TITLE: President

**TERMS AND CONDITIONS (Continued)**

(G) In the event that the meter so tested is found to have an error in registration in excess of three percent (3%) at any rate of flow within normal test flow limits to prejudice of the customer, the fee advanced for testing will be refunded and the correct bill rendered, based on the last meter reading of such meter. This correction shall apply to both over and under registration.

(H) The customer shall permit no one, not an agent of the Company, to remove, inspect, or tamper with the meter or other property of the Company on his/her premises. The customer shall notify the Company, as soon as it comes to his/her knowledge, of any injury to, or cessation in registration of the meter.

**GENERAL SERVICE – METERED  
RATE SCHEDULE - “GM”****AVAILABILITY:**

This schedule is available to all metered water service in the franchise area.

**CHARACTER OF SERVICE:**

Water will be furnished and maintained at the normal operating pressure of not less than 20 psi nor more than than 125 psi at the service connection.
