RE: DM 08-108, Glacial Energy of New England, Inc.
Authorization to Supply Competitive Electric Service

Dear Ms. Howland,

Please accept this application in support of the renewal of Glacial Energy of New England, Inc.'s registration as a CEPS in the state of New Hampshire, pursuant to the newly adopted NHPUC Rule 2003.02.

Our initial registration was effective September 9, 2008. We have been operating with the understanding that the revised PUC Rule 2000 adopted by the Commission on August 25, 2010 extended our registration for an additional three-year period. Recently, however, we learned that our renewal registration may be subject to the previous two-year rule.

Under the circumstances, we humbly request that the enclosed renewal be processed. If you require any additional information, or have any questions, please contact me at (857) 222-0958. If a formal motion to extend the expiration date of our registration is required, I would be more than happy to file one.

Respectfully Submitted,

Michael B. Giery
Senior Corporate Counsel
