Legal Notice

**THE STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION
DE 10-256
PUBLIC SERVICE COMPANY OF
NEW HAMPSHIRE
Petition for 2011 Stranded Cost
Recovery Charge
ORDER OF NOTICE**

On September 22, 2010, Public Service Company of New Hampshire (PSNH) filed a petition for adjustment to its Stranded Cost Recovery Charge (SCRC) for effect with service rendered on and after January 1, 2011. In support of its petition, PSNH filed the testimony of Robert A. Baumann with related exhibits and attachments.

The SCRC recovery mechanism was established pursuant to the Agreement to Settle PSNH Restructuring in Docket No. DE 99-099 (Restructuring Agreement). PSNH stated that the Restructuring Agreement defined PSNH's stranded costs and categorized them into three different parts - Part 1, Part 2 and Part 3. The SCRC recovers costs for all three Parts. The Restructuring Agreement capped the SCRC at an overall average rate of 3.40 cents per kilowatt-hour (kWh). According to PSNH, Part 3 costs were fully recovered in June 2006. The Restructuring Agreement states that once Part 3 costs are fully recovered, the SCRC will be set on a forecasted basis every six months and will include any over- or under-recoveries of Part 1 and Part 2 stranded costs from the previous period. Part 1 is composed of the Rate Reduction Bond charge, which is calculated to recover the principal, net interest, and fees related to Rate Reduction Bonds. Part 2 costs are "ongoing" stranded costs consisting primarily of the over market value of energy purchased from independent power producers (IPPs) and the amortization of payments previously made for IPP buy-downs and buy-outs as approved by the Commission.

Pursuant to Docket No. DE 09-179, Public Service Co. of N.H., Order No. 25.120 (June 28, 2010, PSNH is currently billing an average SCRC rate of \$0.0120 per kWh for the six-month period from July 1, 2010 through December 31, 2010. Based on the data available at the time of the filing of the instant petition, PSNH provided its preliminary calculation of an average SCRC rate of \$0.0118 per kWh for service rendered on and after January 1, 2011. PSNH stated that it is not requesting approval of a specific rate at this time and that it will update its estimates with more recent data prior to the hearing on its petition. PSNH attributed

the decrease in the estimated average 2011 SCRC rate to a decrease in the prior year under-recovery of costs, partially offset by lower market prices which, in turn, increased the over-market portion of purchases from the IPPs.

This order and subsequent docket filings, other than information for which confidential treatment is requested or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docket/2010/10-256.htm>.

The filing raises, inter alia, issues related to whether PSNH's assumptions and estimates of costs and revenues are reasonable and whether the resulting rates are just and reasonable as required by RSA 378:5 and 378:8. Each party has the right to have an attorney represent them at their own expense.

Based on the foregoing, it is hereby ORDERED, that a Prehearing Conference, pursuant to N.H. Admin. Rules Puc 203.15, be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on October 21, 2010 at 10:00 a.m., at which each party will provide a preliminary statement of its position with regard to the petition and any of the issues set forth in N.H. Admin. Rule Puc 203.15 shall be considered; and it is

FURTHER ORDERED, that, immediately following the Prehearing Conference, PSNH, the Staff of the Commission and any Intervenor hold a Technical Session to review the petition and allow PSNH to provide any amendments or updates to its filing; and it is
