RE: Aggregator Renewal DM 06-157 and 08-132 World Energy Solutions, Inc.

To Whom It May Concern:

Please find enclosed World Energy Solutions' renewal application as an aggregator/broker in the State of New Hampshire as per section Puc 2003.02 of the New Hampshire Public Utilities Commission requirements. Enclosed are an original and two hard copies of the application. In addition, a flash drive with an electronic copy of the application has been enclosed.

World Energy Solutions has endeavored to submit a complete, accurate and sufficient application. Should someone in your office find that there is information missing, please do not hesitate to contact us so we may supplement the application in a timely manner.

Because World Energy Solutions did not allow for the full 60 days from expiration of the current license, the company has enclosed a check for \$250.00

Sincerely,

A handwritten signature in cursive script that reads "Janet Loop".
