Re: PUC Natural Gas Consultant/Broker Registration

Dear Ms. Howland,

A few months ago we registered with the New Hampshire Public Utility Commission regarding the consultation of electricity procurement and brokering, and it was an oversight that we did not do the same for the natural gas portion. We were consultants on three small natural gas transactions prior to registering for our natural gas license. We apologize for this oversight and we are rectifying it immediately. We strive to have the proper documentation and licensure in all states we operate in.

If you have any questions please contact me directly, my office number is 866-955-2677 ext. 103.

Thank you for your understanding.

Sincere appreciation,

Javier Barrios, Managing Partner
