

## 8. STRANDED COST CHARGE

In accordance with the Orders of the New Hampshire Public Utilities Commission all rates include a Stranded Cost Charge to allow the Cooperative to recover its stranded costs associated with its power supply obligations. The Stranded Cost Charge will be reconciled and adjusted on January 1 of each year to reflect the Cooperative's actual stranded costs. The Stranded Cost Charge for all kilowatt-hours delivered in accordance with this Tariff effective with bills rendered on or after January 1, 2011 will be 1.032¢ per kilowatt-hour.

## 8. STRANDED COST CHARGE

In accordance with the Orders of the New Hampshire Public Utilities Commission all rates include a Stranded Cost Charge to allow the Cooperative to recover its stranded costs associated with its power supply obligations. The Stranded Cost Charge will be reconciled and adjusted on January 1 of each year to reflect the Cooperative's actual stranded costs. The Stranded Cost Charge for all kilowatt-hours delivered in accordance with this Tariff effective with bills rendered on or after January 1, ~~2010-2011~~ will be 1.~~502032~~¢ per kilowatt-hour.

For those members purchasing energy from competitive suppliers  
the rate shown on your bill will contain an "X", examples BX, BCX, or LT08X,  
indicating that you are not billed for Co-op Power.

For a detail description of each rate shown in this 4 page schedule, please refer to the  
Terms and Conditions, section J. Classification of Service
