Re: DT 11-013, Merrimack County Telephone Company, Tariff Revision Adding  
Dedicated Ethernet Service

Dear Ms. Ladwig:

On January 14, 2011, Merrimack County Telephone Company (MCTC) filed a revision to its NH PUC Tariff No. 9 by adding Dedicated Ethernet Service, for effect on February 14, 2011. Dedicated Ethernet Service provides a packet-switched point-to-point arrangement for customers requiring high bandwidth data applications between their locations.

Staff has examined the filings and recommended approval. The Commission accepted Staff's analysis and recommendation.

For administrative efficiency, an order will not be issued by the Commission either suspending, rejecting, or approving the proposed tariff changes. Pursuant to RSA 378:3 and RSA 378:6, IV, the proposed revisions are effective as filed.

Tariff pages should be filed referencing Docket No. DT 11-013 and reflecting the effective date of February 14, 2011.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra Howland".

Debra Howland  
Executive Director
