RE: DT11-036, An Amendment to Petition For License to Construct and Maintain Fiber Optic Cable over and across Public Waters of the Merrimack River in Hooksett, NH.

Included are six copies of the additional/changed information for the petition of segTEL, Inc. to construct and maintain fiber optic cable attached to a bridge that crosses the Merrimack River in Hooksett, NH and will no longer be looking to cross aerially as our original request stated.

segTEL's fiber optic cable will be attached at 9 locations on Town owned bridge commonly referred to as the 'Lilac Bridge or Old South Main Street Bridge'.

Included in this filing are questions and answers that were presented by Jody O'Marra. As well as a filing package to the Town of Hooksett for a license to attach to the above mentioned bridge. On May 27, 2011 the Town of Hooksett approved segTEL, Inc's request for license (included).

If you have any questions please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin M. Shea".

Kevin M. Shea
