Performance Report – Granite State Electric – June 2013 REVISED**

Dear Ms. Howland:

Enclosed for filing, please find National Grid USA and National Grid NE Holdings 2 LLC ("National Grid"), Granite State Electric Company and EnergyNorth Natural Gas, Inc. (the "Companies"), revised Performance Report for Granite State Electric for the month of June 2013.

The report is revised to reflect Granite's revised Monthly Call Answering Report that was filed with the Commission on August 13, 2013. With the data revised upward, Granite no longer met the performance threshold. The call volume increased 29.5%, which exceeds the month-over-month target of under 25%. This revision only affects Granite, so the revised report is only one page.

Thank you for your assistance with this matter. Please do not hesitate to call if you have any questions.

Sincerely,

James J. Bonner Jr.
