Note: "Total Calls Answered" include calls answered by a customer service representative (CSR) and calls completed within the Voice Response Unit (VRU). The time to answer is measured once the customer makes a selection to either speak with a CSR or use the VRU.

Call volume increased by 49% in May 2015 vs. May 2014. 1570 more calls were answered within the service level in May due to the Manpower reassessment. We expect to meet/exceed the monthly service level in June.
