Re: DM 11-051, Pope Energy
Registration as a Natural Gas Aggregator

Dear Mr. Pope:

On March 16, 2011, Pope Energy filed with the Commission an application for registration as a natural gas aggregator, together with the initial application fee of \$250.00.

The Commission has reviewed the application for registration as a natural gas aggregator and has determined that it meets the requirements for registration pursuant to N.H. Code Admin. Rules Puc 3003.04. Therefore, the Commission will approve Pope Energy as a natural gas aggregator in the State of New Hampshire, with the registration to be effective April 1, 2011. This initial registration will expire at the end of business on March 31, 2013.

Additionally, please bear in mind that, pursuant to N.H. Code Admin. Rules Puc 3003.05 (a), each aggregator applicant shall re-register with the Commission by filing an application for renewal at least 60 days prior to the expiration of its registration, i.e., in the case of Pope Energy, on or before February 1, 2013. Registration instructions and checklist of requirements to properly file a renewal registration application are located on the Commission website at <http://www.puc.nh.gov/Gas-Steam/CNGS-Aggregator%20registration%20application%20instructions%20and%20checklist.pdf>.
