Dear Ms. Howland:

I am writing on behalf PNE Energy Supply LLC. On April 11, 2011, PNE filed an application to become a Competitive Electric Power Supplier in New Hampshire serving residential customers. PNE noted that its application was not complete with respect to EDI capability¹, NEPOOL membership², and evidence of financial security³. On May 31, 2011, PNE filed a Motion to Extend Period for Completion of Registration Application in this proceeding. On June 10, 2011, the Commission by Secretarial Letter extended the time for PNE to complete its application to July 29, 2011.

PNE hereby provides the following supplementation to the Commission:

EDI Capability: PNE has retained the services of Latitude Technologies⁴ to provide the EDI capability to comply with Puc 2003.01(d)(1)c. In this connection, we are filing herewith an email dated July 29, 2011 stating that they have completed the EDI testing with PSNH.

NEPOOL Membership: On May 31, 2011, NEPOOL filed PNE's membership application with FERC. Attachment 2. On June 27, 2011 FERC issued a letter order accepting PNE's member application.

Evidence of Financial Security: PNE has established an Escrow Agreement with Sovereign Bank which will pay over to the NHPUC the amount of \$100,000 if PNE does not faithfully perform all duties and protect the NHPUC from any damage caused by PNE's non-compliance with or breach of any laws or statutes, or rules or regulations pertaining to the license or permit issued by the NHPUC. Attachment 3.

Please let me know if anything further is needed.

Sincerely,

/s/ James T. Rodier
