

STATE OF NEW HAMPSHIRE  
BEFORE THE  
NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION

**DM 11-075**

**PNE Energy Supply LLC  
Initial Registration to Become a Competitive Electric Power Supplier**

MOTION TO EXTEND PERIOD FOR COMPLETION OF APPLICATION

NOW COMES PNE Energy Supply LLC (“PNE”) and hereby motions the Commission to waive the requirements of Puc 2003(h) with respect to the time allowed for completion of an application, and in support hereof, PNE further says as follows:

1. On April 11, 2011, PNE filed a registration application to become a Competitive Electric Power Supplier in New Hampshire serving residential customers. PNE noted that its application was not complete with respect to EDI capability<sup>1</sup>, NEPOOL membership<sup>2</sup>, and evidence of financial security<sup>3</sup>.
2. PNE expects to begin EDI testing with PSNH in the near future.
3. PNE expects to become a member of NEPOOL no later than June 30, 2011.
4. PNE expects to be able to provide evidence of financial security by June 30, 2011.
5. Puc 2003(h) requires an application for registration to be completed within 60 days of the filing of the application, or the commission shall suspend the application.
6. Pursuant to Puc 201.05, the Commission may waive any of its rules if it serves the public interest.
7. Given the unprecedented initiative of PNE to assemble an organization to serve residential customers in New Hampshire (some 12 years after “deregulation” went into effect), an extension of the time allowed to PNE to complete its application registration would be in the public interest.

<sup>1</sup> Puc 2003.01(d) (1) c.

<sup>2</sup> Puc 2003.01(d) (2).

<sup>3</sup> Puc 2003.01(d) (4)

WHEREFORE, PNE hereby respectfully requests the Commission to extend the time for it to complete its registration application to July 31, 2011, and to order such other and further relief as may be just and equitable.

Respectfully submitted,

PNE ENERGY SUPPLY LLC  
By its Attorney
