Re: DM 11-087, Notification of EnergyRebate, Inc.'s Intent to Provide Electric Aggregation Service

Dear Mr. Lesser:

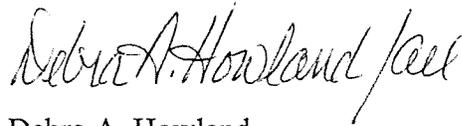

This is to confirm that the New Hampshire Public Utilities Commission (Commission) has received EnergyRebate, Inc.'s (EnergyRebate) notice of intent to provide electric aggregation service in the State of New Hampshire, pursuant to New Hampshire Administrative Rules Puc 2003.05. Staff has reviewed the application provided and believes that it meets the requirements of Puc 2003.05. Staff also noted EnergyRebate's intent to market only to commercial customers in New Hampshire and recommended the Commission approve the request to provide electric aggregation services only as it relates to commercial customers. Based on Staff's recommendation and the Commission's review, the Commission approves EnergyRebate's application to provide electric aggregation service in New Hampshire to commercial customers only, effective June 25, 2011.

Please note the following provision of Puc 2003.05 (f): "[E]ach approved aggregator shall re-notify the commission after the initial 2 year period, or after the 5 year renewal period as applicable, by filing with the commission an application for renewal at least 60 days prior to the expiration of the currently effective registration." EnergyRebate's original notice anniversary date is June 25, 2011 and therefore it is required to refile an up-to-date written notice on or before **April 25, 2013** if it continues to offer and provide electric aggregation service. In addition, EnergyRebate is subject to the provisions of Puc 2004.03, telephone solicitation of customers, and Puc 2004.08, customer protections provided by aggregators.
