In this filing FairPoint Communications – NNE proposes several modifications. The language pertaining to Construction is being updated to add an early termination fee if customers disconnect service prior to the one year minimum service period. . This filing also corrects Exhibit 5.1.6-1 to remove a Massachusetts location as an Exchange of Connection, modifies and reformats the language on the Exchange Map page and removes Service through Miscellaneous Common Carriers which is a service that no customers are currently subscribed to and FairPoint no longer wishes to offer.
