Registration as a Natural Gas Aggregator

Dear Ms. Sim:

On July 11, 2011, MRDB Holdings LP d/b/a LPB Energy Management (LPB Energy Management) filed with the Commission an application for renewal of its registration as a natural gas aggregator, together with the renewal application fee of \$125.00.

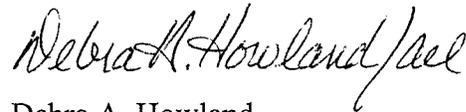

The Commission has reviewed the renewal application for registration as a natural gas aggregator and has determined that it meets the requirements for registration pursuant to N.H. Code Admin. Rules Puc 3003.05. The Commission will approve the registration with an effective date of August 1, 2011, which coincides with the expiration of the existing registration for LPB Energy Management. The renewal registration will expire at the end of business on July 31, 2016.

Additionally, please bear in mind that, pursuant to N.H. Code Admin. Rules Puc 3003.05 (a), each aggregator shall re-register with the Commission by filing an application for renewal at least 60 days prior to the expiration of its registration, i.e., in the case of LPB Energy Management, on or before May 31, 2016. Please file a timely renewal application. Registration instructions and a checklist of requirements to properly file a renewal registration application are located on the Commission website at <http://www.puc.nh.gov/Gas-Steam/CNGS-Aggregator%20registration%20application%20instructions%20and%20checklist.pdf>.
