Re: DE 11-174, Public Service of New Hampshire  
Tariff Revisions Re: Interval Data Access Service

Dear Mr. Hall:

On August 3, 2011, you filed on behalf of Public Service of New Hampshire (PSNH) revised tariff pages changing the Terms and Conditions for Suppliers with respect to its Interval Data Access Service. The proposed tariff revisions would allow suppliers the option of paying for the service at an annual rate of \$300.00 in lieu of paying for the service on a monthly basis. You noted in your request that this option would be administratively more efficient for PSNH as processing bills would be on an annual basis instead of monthly. Likewise, suppliers would benefit from the option as they could chose to pay their bill only once per year instead of twelve times.

On August 15, 2011 Staff filed its recommendation noting that the proposed tariff revisions would not result in additional revenues to PSNH inasmuch as the monthly fee is \$25.00. In addition, the billing method would be at the option of the supplier. Consequently, Staff recommended that the Commission approve PSNH' proposal to change the Terms and Conditions for Suppliers.

Based on Staff's review and recommendation, the Commission has granted PSNH's request to approve the tariff changes to the Terms and Conditions for Internal Data Access Service. Accordingly, NHPUC No. 8, First Revised Page 33, is approved effective September 2, 2011.

Sincerely,

A handwritten signature in blue ink that reads 'Debra A. Howland'.

Debra A. Howland  
Executive Director
